

## RK-A - Task #1561

### Modification in tagging\_utils.py such that doc\_ids with sim\_score equal to the kp\_doc\_id are not removed

08/27/2021 04:43 AM - Nandini Bansal

<b>Status:</b>	Closed	<b>Start date:</b>	08/27/2021

<b>Target version:</b>	P1	<b>Spent time:</b>	0.00 hour
<b>Description</b>			
<p>We recently made changes in the code that makes sure that if KP is linked to the same document in which is tagged, the KP is only tagged if there exists a doc_id with a higher similarity score. But we saw some cases where KPs were linked to different doc_ids with the same score as the self-link. But due to strict greater than condition, those KPs are not getting tagged. We need to change this and make sure that doc_ids with the same sim_score as self-link are retained.</p> <p>The changes will have to be made in the <b>update_doc_id_score_list</b> function from <b>tagging_utils.py</b>.</p> <p>You can use "C-API Reference.txt" for testing your changes.</p> <p>Example added in attachments:</p>
