Status:	Closed	Start date:	09/14/2021
Priority:	Normal	Due date:	
Assignee:	Rohit Choudhary	% Done:	100%
Category:		Estimated time:	2.50 hours
Target version:	P1	Spent time:	0.00 hour
Description			
An extension of Feature #1615 ,			
For all remaining header variants generated by the variation_middle_parenthesis function, if the condition for #1615 is TRUE, we should add the remaining header variants to processed_full_headers as well. This will help us in ensuring that header variants like "lambda function", "anonomous function" are given enough importance to search for high confidence KPs.			
Dataset for testing: Whirlwind & Library Reference.
