<b>Description</b>			
For KPs, it could be possible that more than one subsection headers are similar to a KP, we should make such changes that both the subsections are linked to the KP. For e.g. A) test cases and suites -> test cases test suite  %  test case token: 1800 , 0.9 kp: 1800 , 0.9  B) async and await -> await async  %  await token: 2167 , 0.8 kp: 2167 , 0.8
