

RK-A - Bug #2564

BDS/IDS tagged words should not be included in the text to be processed and tagged BR2/IR2

07/28/2022 08:22 AM - Ram Kordale

Status:	Resolved	Start date:	07/28/2022
Priority:	Normal	Due date:	
Assignee:	Rohit Choudhary	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	P1	Spent time:	0.00 hour
Description			
In doc #####99#%&Table Of Contents#%&Text Processing Services#%&string — Common string operations#%&String constants#%& in Python 3 Library Reference, one of the sentences that is processed is "digits ¶ the string '0123456789'". "digits" should not be part of the sentence as 'digits' is tagged IDS. So, such parts (or whole) of subsection header should not be part of the text that is processed and tagged just like header text is not included.
