#### Description

Currently, we have the following messages when there are no links or the video is unsupported:

Message1: "Our AI could not find any terms in this video that have a good explanation in other videos. <br>Of course, our AI is continuously improving."

Message2: "Unfortunately, our AI has not processed this video yet. <br>We have scheduled it to be processed shortly."

Continue the same for youtube videos.

However, for non-youtube sites, please replace "video" with "page".

Also, please replace "We have scheduled it to be processed shortly" with "We are continuously processing more pages based on demand" or "We are continuously processing more videos based on demand".
